Mr. Harish Panchal
Division of Hazardous Waste
Department of Environmental Protection
One Winter Street, Fifth Floor
Boston, MA 02108

Dear Harish:

On January 15th I received a letter from Don Hanson of the Central Regional Office regarding the RCRA status of ATF Davidson Co. Inc. in Northbridge, MA (MAD046128559). It appears from all available information that this company may be classified as a RCRA "convertor", a former TSDF which changed status to that of Generator-only after 11-19-80. As such, this facility is subject to RCRA Corrective Action authorities. However, following a review of the information by the MA Waste Regulation Section (RCRA program), EPA has concluded that completion of a Site Inspection for this site is appropriate at this time. Therefore, I ask that the State continue in it's plans to complete a MSCA Site Inspection report for this pre-SARA site during FY91.

If you have any questions or comments, I may be reached at 573-9697.

Sincerely,

Nancy Smith
MA Site Assessment Coordinator
